REACH ASSESSMENT OFFICER IN SOMALILAND

Supervisor:	IMPACT Country Focal Point
Title:	REACH Assessment Officer
Location:	Hargeisa, Somaliland, Somalia
Contract duration:	6 months
Start date:	ASAP

BACKGROUND ON IMPACT AND REACH

REACH was born in 2010 as a joint initiative of two International NGOs (IMPACT Initiatives and ACTED) and the United Nations Institute for Training and Research (UNITAR) Operational Satellite Applications Programme (UNOSAT). REACH's purpose is to promote and facilitate the development of information products that enhance the humanitarian community's decision making and planning capacity for emergency, reconstruction and development contexts, supporting and working within the framework of the humanitarian reform process. REACH facilitates information management for aid actors through three complementary services: (a) need and situation assessments facilitated by REACH teams; (b) situation analysis using satellite imagery; (c) provision of related database and (web)-mapping facilities and expertise.

IMPACT Initiatives is a humanitarian NGO, based in Geneva, Switzerland. The organisation manages several initiatives, including the REACH Initiative. The IMPACT team comprises specialists in data collection, management and analysis, GIS and remote-sensing. IMPACT was launched at the initiative of ACTED, an international NGO whose headquarter is based in Paris and is present in thirty countries. The two organizations have a strong complementarity formalized in a global partnership, which allows particularly IMPACT to benefit from ACTED's operational support on its fields of intervention.

ACTED is a French humanitarian NGO, founded in 1993, which supports vulnerable populations, affected by humanitarian crises worldwide. ACTED provides continued support to vulnerable communities by ensuring the sustainability of post-crisis interventions and engaging long-term challenges facing our target populations, in order to break the poverty cycle, foster development and reduce vulnerability to disasters. Their interventions seek to cover the multiple aspects of humanitarian and development crises through a multidisciplinary approach which is both global and local, and adapted to each context. Their 3,300 staff is committed in to responding to emergencies worldwide, to supporting recovery and rehabilitation, towards sustainable development.

COUNTRY PROFILE

REACH has been operational in Somalia since 2012, providing information management support to humanitarian actors in a complex environment through assessment capacity, GIS services and support to Cluster IM practices. Projects have included tri-cluster assessments in support of the WASH, Shelter and Education Clusters, support to Food Security response analysis, and development of a Shelter Cluster M&E Framework.

In 2017 and beyond REACH Somalia is looking to expand information support to the humanitarian response in several key areas, including IDP settlement profiling and monitoring, multi-cluster and rapid needs assessment and improved remote data collection. Key strategic aims are to increase geographic and sectoral coverage and to enhance advocacy capacity through strengthened data collection and information targeting.

FUNCTIONS

Under the functional supervision of the IMPACT Country Focal Point in Somalia and of IMPACT's HQ in Geneva, the REACH Assessment Officer is responsible for the management of REACH assessments, including their preparation, implementation and follow-up. He/she is also responsible for related logistics, partner coordination, reporting and finance requirements and will be required to provide input to the strategic development of IMPACT in Somalia and Kenya.

During his/her mission, the REACH Assessment Officer will be hosted by ACTED and will fall under the direct responsibility and management of ACTED's Country Director and his/her delegates for all Administrative, Security, Logistics and Finance issues. S/he will therefore fully abide to ACTED's Security, HR, Administration and Logistics rules and regulations.
