What is IMPACT Initiatives?

OUR AIM: IMPACT aims to shape practices and influence policies in humanitarian and development settings, to positively impact the lives of people and their communities.

Created in 2010, IMPACT is a Geneva-based NGO and the largest independent data provider in contexts of crisis. We aim to support a range of stakeholders in making better, more informed decisions in humanitarian, stabilisation, and development settings. We believe that a key pathway to better planning and decision making is direct engagement with local communities.

How do we work?

IMPACT takes an initiative-based approach to structuring our programming. Each initiative has a specific aim, operational model, and portfolio of solutions.

REACH strengthens evidence-based humanitarian decision-making through efficient data collection, management, and analysis - before, during, and after an emergency.

PANDA improves the impact of humanitarian and development interventions through programme design, assessments, and monitoring & evaluation.

AGORA promotes localised and multi-sectoral aid action in support of the recovery and stabilisation of crisis-affected communities, in partnership with local stakeholders

Through our global team of research specialists, on average IMPACT publishes more than 1,700 information products on a yearly basis.

IMPACT was launched in 2010, at the initiative of ACTED, an international NGO whose headquarters are based in Paris. The two organizations have a strong complementarity formalized in a global partnership, which allows IMPACT to benefit from ACTED's operational support in countries of intervention.

We are currently looking for a Country Representative to lead our Syria country office.

Position	Country Representative
Contract duration	24 months
Start Date	1 August
Location	Damascus, Syria
Application Deadline	Applications close on 1 July, but early applications are encouraged and will be processed as they are received.

COUNTRY PROFILE

After more than a decade of conflict, Syria continues to face significant humanitarian challenges, compounded by renewed displacement, ongoing insecurity, severe economic decline, and worsening water scarcity and climate-related impacts affecting millions. In this evolving context, timely and accurate data remains crucial for targeted humanitarian action. Since 2013, REACH has conducted detailed assessments and analysis informing key humanitarian decisions, primarily focused on northeast and northwest Syria since 2018. In response to shifting dynamics, notably recent changes in governance, and lasting humanitarian needs country-wide, IMPACT is relocating its primary office to Damascus to enhance coordination and coverage across Syria.

FUNCTION

Under the management of IMPACT's Regional Coordinator in Geneva, the Country Representative is responsible for representing IMPACT and managing and developing IMPACT's programs in Syria. S/he leads the IMPACT team to achieve program excellence, ensuring the highest levels of impact and accountability while adhering to IMPACT guidelines, policies, and standards across the mission. The Country Representative maintains regular communication with HQ, promptly and clearly conveying organizational risks to the Regional Coordinator, the Director of Country Programs and Operations, and other relevant HQ Senior Management. S/he promotes the organizational vision and core values across the mission and actively contributes to implementing IMPACT's global strategies in coordination with HQ. The Regional Coordinator will support the Country Representative in finalizing IMPACT's registration in Damascus.
